**(vi) Institutional set-up for liquidity risk management**

The Liquidity Risk Management of the Company is governed by Asset Liability Management (ALM) Policy approved by the Board of Directors, adhering to the Liquidity Risk Management Framework issued by RBI. The Board has the overall responsibility for management of liquidity risk. The Board decides the strategy, policies and procedures to manage liquidity risk in accordance with the liquidity risk tolerance/limits approved by it. The Risk Management Committee (RMC), which is a committee of the Board, is responsible for evaluating the overall risks faced by the Company including liquidity risk. The Asset Liability Management Committee (ALCO) is responsible for ensuring adherence to the liquidity risk tolerance/limits set by the Board as well as implementing the liquidity risk management strategy. The role of the ALCO with respect to liquidity risk includes, inter alia, decision on desired maturity profile and mix of incremental assets and liabilities, responsibilities and controls for managing liquidity risk, and overseeing the liquidity positions at an entity level.

\* Total Liabilities has been computed as Total Assets less Equity share capital less Reserve & Surplus and computed basis extant regulatory ALM guidelines.
